ANSWERS: T B D

### What Did You Say?

A horse will talk to you using body language. Circle the phrase that tells you the horse is happy. Draw a line under the sentence that describes an angry horse. Never approach an angry horse.

Ears perked forward.

Eyes that have the "soft" look to them.

A foot pawing at the ground.

Grinding noises made by their teeth.

Ears flat back against their head.

Soft nickering when they see their favorite person.

Gently swinging tail.

A rested back foot.

A horse licking and chewing without any food.

A lifted of jerking hind foot.

A tail that is lashing back and forth. Ears that are droopy.

**Be safe and have fun.**

ANSWERS: T B D

### Something Good to Know

Match a definition to the letters at the right. Some definitions have to do with horse diseases and others are organizations to find out more about your friend the horse:

American Quarter Horse Association

PHF

Certified Horsemanship Association

APHA

Equine Encephalomyelitis

EI

American Paint Horse Association

CHA

American Association of Equine Practitioners

AQHA

American Farrier Association

TWHA

Potomac Horse Fever

EE

West Nile Virus

AAEP

Equine Influenza

AFA

Tennessee Walking Horse Association.
